Mr. Steven Johnson, City Manager of North Miami
776 NE 125th Street, Second Floor
North Miami, FL 33161

Mr. Steven Johnson, City Manager of North Miami:

Radio Mega (1700 AM) is an Arbitron Rated 24-hour Station which has been serving the Haitian Community for 10 years providing: Haitian news, local news, politic, music, talk shows and support especially during natural disasters such as hurricanes and earthquakes. My name is Alex Saint Surin, President/CEO of **Radio Mega** with 38 years of experience in the broadcasting industry.

Carnival or Mardi-Gras is one of the most sacred festivities in the Haitian community, where many Haitians from all over the world, particularly in the US, travel to Haiti to partake in this cultural celebration. This event is celebrated with all sorts of spectacular venues such as: floats, beauty pageants, elaborate costumes, seductive music and streets dancing. The most important element in carnivals is the music. For over three decades, those of us who could not travel to Haiti would go to Brooklyn, New York to participate in the celebrations.

The State of Florida, specifically South Florida has almost the same concentration of Haitian Nationals as New York. Being in this unique situation **Radio Mega** has heard the voices of the people reaching out by internet and other broadcasting partners that the Haitian people intend to maintain their traditions. In this spirit, I have gathered a team of professionals to materialize the wishes of the community and would like to request the support of the City of North Miami to bring this one-day **North Miami Meganaval** to all the people in this beautiful and multicultural city on Sunday, September 2, 2012 (before labor day). At a convenient time, we would like to address the distinguish members of the Council and/or all that maybe involved into bringing this dream to reality.

Respectfully

Alex Saint Surin
